

# Know which browser to use for Scholar

Blackboard maintains a list of supported browsers for Scholar at: [https://en-us.help.blackboard.com/Learn/9.1\\_2014\\_04/Instructor/015\\_Browser\\_Support/013\\_Browser\\_Support\\_for\\_October\\_2014](https://en-us.help.blackboard.com/Learn/9.1_2014_04/Instructor/015_Browser_Support/013_Browser_Support_for_October_2014)

Currently, ITS recommends using Firefox or Chrome with Scholar. Discussions and tests currently have significant errors with Internet Explorer, with no plans for repair due to Internet Explorer being designated a 'dead' browser. . If you're having trouble accessing Scholar, you can use the 24/7 room in the library, which is maintained with browser versions that can access Scholar.
